ProfessionalSM

Learning from Really Bad Ideas!

Nobody has had as many bad ideas as Gary, and nobody can tell the stories of his faux pas, near misses and outright disasters with as much heart and humor!

Light message, lots of laughter!

If your group needs to relax and have a good laugh, this program is for you.

Gary never actually intended to develop a humorous program, but his stories began to precede him to his speaking engagements, and members of his audience began to request them before he stood to speak! Most of them are about his Really Bad Ideas.

“Curiosity Gone Bad”

Young Thomas Edison

I wonder what’s in the chimney?

I’ll be in my laboratory

“Should Have Planned that Better”

Fixing the armadillo problem

Best July 4th ever

“We can rebuild him.”
